CHURCH OF THE BRETHREN GENERAL OFFICES
Elgin, Illinois
CHAPEL INTERIOR

The elliptical curvature of the walls and the inclined ceiling focus the attention of the worshiper on the cross.

Hi! I am having a blast. The attitude gives me but other than that it's great. How are you feeling? When I called I told mother to tell you all hi. The fellowship between our group is so neat. We all feel like one because no one dislikes anyone else. I guess mom told you about my arm. Well, must go. Will tell you more if I have time. As will when we see you. Bye, God bless.

The picture on the front, I was there and took some shells of it.
